

for WALLS

Beaver American White Rock Cement Plaster and Sunflower Moulding Plaster were used throughout the Capitol Theatre, Chicago.

Its superb ornamentation and beautiful decorative motifs pay tribute to the exceptional quality of the materials used. John Eberson, Architect.

Why the World comes to Beaver for moulding plaster

The Beaver American gypsum holdings assay such a high degree of purity, the product is so perfectly controlled and uniformity so scientifically maintained, that the whole world comes to Beaver American for finest quality moulding plasters.

So, too, throughout the entire line of Beaver American gypsum products you will find the same uniformly high quality. Beaver American Plasters have long been recognized for their remarkable working qualities. Specify them always for finest work.
