

RIVOLI THEATRE

"Over the Top" will be shown at the Rivoli Theatre, Ybor City, Monday and Tuesday. This is the first big attraction which Manager Labelle has booked for his handsome new theatre, and its success is already assured, for this wonderful picture was given a tremendous ovation during its recent engagement in Tampa.

Never before has patriotism been so manifestly awakened in a theatre audience than it was when Arthur Guy Empey led his regiment of patriots "over the top" in No Man's Land.

"Over the Top" is a picture every American should see, for it shows us how our boys are fighting and what they are enduring for us. And it points out most emphatically why we should exert all our energy and all our resources to win this great war for democracy.
